### Multicore Assemblies

Mohawk is an approved source of camera cable assemblies for the major manufacturers of professional camera systems. We use only the highest quality components, from the highest quality connectors to the tightly specified coaxial and interconnect transmission lines that make up our UL listed cable.

### Repair Services

Mohawk offers quality and innovation in our repair service facility. We can repair many types of cables including hybrid fiber optic assemblies and the various multicore assemblies, no matter who the manufacturer. We can diagnose the problem and offer a solution at a competitive cost.
